

# Natural Power Onshore Ecology Services

We have a long and successful track record of delivering ecological services for clients across the feasibility, development, pre-construction, construction and operational phases of renewable energy and infrastructure development.

Our team is recognised as a global leader in the provision of ecological services utilising best practice and scientifically rigorous methods, while providing context and a balanced approach tailored to meet the needs of our clients.

**150+**

onshore ecology projects

**50+**

in-house ecologists

**300+**

years combined experience

// we capitalise on our previous experience across the life-cycle of projects to successfully deliver high standard ecology services within budget and timescales //

**Laura Turner**, Principal Ecologist

## A selection of services include:

### Site Surveys

- Design and implementation
- Phase 1 and Extended Phase 1 surveys
- National Vegetation Classification (NVC) surveys
- Protected Species surveys (e.g. bats, otter, wild cat, badger, red squirrel, pine marten, water vole, reptiles, fish, and freshwater pearl mussel)
- Full suite of bird surveys (separate capability sheet available)

### Impact Assessment

- Ecology and Ornithology Environmental Statement chapters
- Environmental Impact Assessment
- Habitat Regulations Appraisal / Assessment
- Peer review of EIA / HRA
- Stakeholder & Determining Authority consultation
- Expert witness

### Planning Condition Discharge

- Technical environmental advice
- Risk and Methods Statement (RAMS)
- Construction Environmental Management Plans (CEMPs)
- Habitat Management Plans (HMPs)
- Ecological Management Plans (EMPs)
- Ground Water Dependent Terrestrial Ecosystems (GWDTE) Mitigation and Management Plans
- Emergency Response Plans (ERPs)
- Species Protection Plans (SPPs)

### Compliance Monitoring and Mitigation

- Environmental Advisor
- Environmental Clerk of Works (ECoW)
- European Protected Species licence acquisition.

### Operational Monitoring

- Survey design
- Monitoring surveys
- Manage Habitat Management Plan implementation
- Negotiation with regulators
